OBJECTIVE

A recent graduate with a solid foundation in both front-end and back-end technology, eager to bring my knowledge and passion to an entry-level position. I am seeking a role that allows me to work with a team and apply my skills, engage in continuous learning, and grow professionally within the field.

SKILLS

Strong knowledge of HTML5, Cascading Style Sheet(CSS), JavaScript, Bootstrap (Framework), Node.js, jQuery, MySQL, Express.js, React.js

EDUCATION

EVANGADI TECH   DEC 2023

Immersed myself in a comprehensive web development training program, covering everything from HTML5 and CSS to React.js and Node.js, preparing me to tackle challenges across the full stack.

EXPERIENCE

TRANSPORTATION   DEC 2013 -CURRENT

Owner operator, commercial transport provider. Effectively communicated with clients and provided excellent customer service. Adjusted with industry changes and made changes to my business to ensure continued success.

ONLINE RETAILOR – DESTA SOLUTIONS LLC   MAY 2022-CURRENT

Researched to identify products that will generate revenue, and ways to procure them in a cost-effective way. Listed products online for sale and shipped products to clients.

PROJECTS

Amazon clone – A full stack clone of the Amazon website built with React.js, CSS, Node.js, Express, Firebase database and stripe payment gateway. Ensured responsive design for optimal user experience across various devices.
